TO:

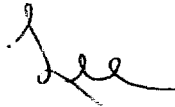

SUBJECT: ECP 1900-30
Contract F33657-68-C-0004

Dear Chuck:

The SPO approves ECP 1900-30 Revised AGE Noise Test, from a technical standpoint only. We feel that this ECP should be on the production contract (657)-12846 as at least a partial deficiency rather than against the subject contract as proposed.
